# DREAM HOMES

COASTAL CALIFORNIA

DREAM HOMES COASTAL CALIFORNIA

PANACHE  
 PARTNERS, LLC

Dream Homes Coastal California presents you with breathtakingly rich photographs of the most technically innovative and aesthetically interesting architecture and construction of recent years. This magnificent collection of visually stunning homes by widely respected architects, designers and builders is sure to impress both industry professionals and casual readers. You will get a rare glimpse into exquisite residences and meet the people who create such artistically crafted structures.

Growing up among a family of talented artisans and successful entrepreneurs, Roxanne Hughes Packham, ASID, was always surrounded by notable practitioners of great taste and creativity. Her passion for design first took her to the Paris Fashion Institute and the Sorbonne, before she realized that the more-enduring field of interior design was her true calling. Also the author of a book on shopping in Spain and Portugal, Roxanne's proclivity for European styles permeates her designs, and she will source antique dealers from around the world in search of an ideal piece. Roxanne's instinct for design is acute and well-honed—she simply knows what is right when she sees it.

Coastal California's tropical climate and inspiring scenery have created the perfect backdrop for these professionals to place their finest work in coastal California, along the coast, on rolling hillsides and valleys and in exclusive inland communities. All of the homes showcased on the following pages have been selected for their immaculate design, originality of concept and inventive use of age-old architectural patterns infused with a modern aesthetic quality. Sit back and savor the beauty and splendor of this exclusive collection of photographs that captures the unique views of architects, designers and builders across the California coast.
